Like most teachers, I learned more than the students.

Through 11 months, I brought in \$1.6 million in sales and \$300,000 in profits. Furthermore, I have won four publicly held school bids in the district worth over \$150,000. I was also a member of the President's Club, Pony Computer's elite sales force.

**Retail Salesman:** I worked at Sun Appliances, where I sold computers. I primarily sold computer systems, such as Compaq, Pionex, Hewlett Packards and Canons to the public at large.

**Ran Non-Profit Consumer Group for Three Years:** I ran my own non-profit business called the Campaign for Consumer Rights. I was the executive director of the organization and was the reason why it continued running.
